Bordeaux City Bond and Chronopost: a partnership that you can trust to develop your business

Bordeaux City Bond, created in 2009 by the Bordeaux Chamber of Commerce and Industry and Vinexpo, specialises in the **storage** and **preservation** of fine wines from all over the world, in a temperature-controlled and ultra-secure warehousing facility.

In 2009, **Chronopost**, France's leading and world-renowned express delivery service, created **Chronoviti**, an **express delivery** service for small numbers of wine bottles intended for professionals and private individuals.

The outcome of a nascent **partnership** between Chronopost and Bordeaux City Bond, Chronoviti provides a solution to the ever more stringent delivery needs of the **wine sector**.

You can count on a service entirely dedicated to producers and traders, calling upon logistics and transportation specialists to ensure the best possible shipment conditions in France and abroad.
